Please provide any additional information about or descriptions of the supervised clinical experiences:

Option 6 candidates do not engage in a final clinical experience (e.g., student teaching), as is required of Kentucky candidates in traditional routes to certification. A candidate must be admitted to an Option 6 Teacher Education Program (TEP) when admitted to a university in the Commonwealth, and must have an individualized mentoring plan that outlines their goals and the support (at least 15 hours/year) they will receive by an on-site mentor teacher and a university-based educator.

Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

- [Academic Major](#)

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2019-20.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

What are CIP Codes?

No teachers prepared in academic year 2019-20

If your program has no teachers prepared, check the box above and leave the table below blank (or [clear responses already entered](#)).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>).

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2019-20. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

Program Assurances

THIS PAGE INCLUDES:

>> [Program Assurances](#)

Respond to the following assurances. Note: Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. ([§205\(a\)\(1\)\(A\)\(iii\)](#); [§206\(b\)](#))

Program Assurances

1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

- Yes
 No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

- Yes
 No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

- Yes
 No
 Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

- Yes
 No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

- Yes
 No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

- Yes
 No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

- Yes
 No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

Through monthly meetings with the Teacher Education Committee (community and institutional stakeholders) and the School of Education and Human Development (SEHD) faculty, several programmatic needs were addressed such as developing a recruitment plan, assessing program learning outcomes, revising course syllabi, establishing partnerships with local school districts, and hosting professional development workshops for students. The primary goal of the SEHD and Teacher Education Committee meetings is to provide strategic planning to help our students succeed in the teacher preparation program. Our partnerships with school districts ensured that we provided the proper support mechanisms to meet assurances as listed above.

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

Assessment Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. **(§205(a)(1)(B))**

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact Westat's Title II Support Center and your testing company representative.

Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

Core Values • Commitment to Learn – We believe that abilities and achievements grow through willingness, effort, experience, and persistence. • Collaboration – We believe that creative ideas and effective solutions stem from openness, partnership, and community. • Cultural Competence – We fully appreciate our own cultural roots and we believe that understanding and valuing the cultures of others leads to authentic connections and relationships. • Social Justice – We believe that equitable access to resources and opportunities is the key to personal growth, professional accomplishments, and systemic change. • Health and Wellness – We believe that excellence comes from enjoying what we do and striving for balance in body, mind, and spirit. Mission As the first public institution of higher education to prepare African American teachers in Kentucky, the School of Education is grounded in history, theory, and research. Building on our proud legacy, we now form a diverse, supportive community that promotes cultural competence, provides access to resources, creates opportunities for meaningful learning, engages in effective problem solving, and activates positive system change for all. Vision The School of Education and Human Development collaborates with partners to offer educational opportunities through which individuals from myriad cultures learn together in community and grow into culturally competent, highly skilled, professional leaders in a global society. Goals for 2016-2021 • Goal 1: Collaborate with partners to implement a dynamic strategic plan. • Goal 2: Collaborate with partners to improve student recruitment and enrollment. • Goal 3: Collaborate with partners to increase retention & graduation. • Goal 4: Collaborate with partners to improve academic excellence and career readiness. • Goal 5: Strengthen alumni relations. • Goal 6: Serve as a learning development resource for our community.
