

# KENTUCKY STATE UNIVERSITY POLICIES AND PROCEDURES

## **Student in Research Policy**

### **1. Policy Statement/Procedure Description**

If faculty are interested in recruiting students from their classes to serve as their research participants, they should think very carefully about the implications of using students as participants in research. Although students often provide a ready source of potential participants, they are not always as representative or appropriate to the research as other subject pools.

### **2. Entities Affected**

- Office of Research
- Office of Grants and Sponsorships
- Academic Affairs

### **3. Policy Owner/Interpreting Authority**

President Brown

Vice President of Academic Affairs
